

BSKB's Annual Summer Patent Seminar

June 13, 2019-July 3, 2019
Metropolitan Washington, D.C.
Estimated 20 hours of CLE Credit Available!

Patents: From Filing to Litigation

For going on 40 years, BSKB has been providing participants of our Summer Patent Seminar with a comprehensive overview of U.S. patent law. SPS focuses primarily on the practical problems encountered in obtaining valid and enforceable U.S. patents, as well as enforcement of patent rights after grant. The seminar encompasses lectures provided by experienced practitioners, as well as a series of workshops which provide participants with a chance to learn about patent issues in a hands-on setting.

Who Should Attend?

- In-house counsel, technical advisors, IP coordinators, paralegals, researchers and research managers looking for a comprehensive overview of U.S. patent prosecution
- Patent attorneys and agents from abroad who are interested in developing a thorough understanding of U.S. patent practice
